

Oikonoumou Organizing and Promotion was founded in 1985 by Matheos Oikonoumou and is activated as a trade and manufacturing company in the field of visual communication and city equipment.

The products we distribute in the greek market, are manufactured by the highest standards the European Union sets in terms of safety and quality, in modern manufacturing facilities, with materials friendly to the environment.

Our company by having in-house production, well trained design department and placement staff, can provide complete and special solutions to meet every need presented, throughout the course of a cooperation.

Prime Philosophy

- Personal contact with the customer.
- Approach of every possible need and demand with respect and responsibility.
- Consistency throughout a cooperation.

Objectives

- Produce high quality products and services at competitive prices.
